# New Season Presidents Welcome

Welcome to season 2011-2012 the whole Club is set for what promises to be the most successful season yet!

The First/Development Squad has been in training for over seven weeks and has attracted some very interesting new Faces. As a result the third team numbers have increased significantly and the promise of a regular fourth team looks very possible.

Our Mini and Junior sections are also looking exciting with many signing up last Sunday.

The Pitches are the best they have ever been thanks to Paul Halsey and Club members working full time throughout the summer.

For more information see the newly published News letter please take one from the bar read and pass to a friend to get them to join the best Club in the South East.

Have a good season. Join in, get involved and there is always a need for volunteers to work within the organisation, Why not you!!

See you at the bar, Stop for a second pint the Club needs the revenue!!

## Richard Treddgett

This is Richards second season with the club. Previously with Horsham which is his home town. He can play 2nd row and back row but often find him hanging on the wing. He was one of the only players to play every minute of every game last year. His powerful and direct play was a great accet to the team and hope he can continue this for the 2011/2012 season.

Last season feels like a long time ago now. It was a great first year in London 2 beating every team in the league at least once and reaching County cup final. The lads had well deserved rest and turned up to preseason chomping at the bit. For the past two months we have pulled, pushed, thrown and carried everything you could possible imagine to prepare ourselves for physical task of London 2 rugby. Curtsey of Andy Mac!

Our coaching team has become even stronger with Justin Bishop committing to help coach the backs. Leaving Gavin to focus on the forwards. Justin's input has given us another dimension to our game.

A few players left us in the off season and wish them good luck in there new adventures. With the success of last year we have been able to pick up a few new and old faces, a number of them on show today. I'm sure they will entertain!

Lets move on to today guests!

We welcome Old Midwhigiftians to Saint Hill. On there previous visit to us it was very different weather from today. We had a gang of people pushing the snow off the pitch so fixture could happen. Despite the cold conditions both teams put on very exciting display of rugby for the frozen crowd. I sure today both teams will be playing with the same intensity.

Enough from me see on you on the pitch!
